OFFER OF A FALLOW DEER HUNT (HUNGARY)

Place:

• Hunting grounds on the Hungarian - Ukrainian border around the village of Lónya. The grounds are mixed (approximately 50% of the forest with a dominant representation of oak). In all cases, these are very well gamed hunting grounds with a large population of Gyulaj-type fallow deer (the trophy quality of most fallow deer is in the range of 3.5-4.5 kg (180 - 210 CIC). The antlers of fallow deer living here are characterized by a beautiful dark color, they are very indented and especially lighter than antlers of fallow deer living in other localities (the same antlers in volume are about 20% lighter).

Time:

- Rutting season - October (Peak of the rutting season – October 10 - 20)

Methods of hunting:

- Hideout hunting, stalking

Price list of the shooting
